The Earl of Marcham has decided to put the excesses of his colorful youth—or the most egregious of them, at least—firmly behind him in order to procure an heir.

As he begins his search for an appropriate wife, a straight-laced spinster releases a morality pamphlet exposing some of the earl's most scandalous misdemeanors. Not one to shirk an offense, Marcham decides that the most appropriate way to avenge himself is to seduce her . . .

Miss Georgiana Blakelow had long given up any hope of marriage. Instead, she has resigned herself to serve as governess to her siblings and to save the family estate from complete ruin—if only that cur of an earl who won the estate in a poker game would be reasonable.

As the sparks fly and Marcham finds himself unexpectedly attracted to this most unusual spinster, Miss Blakelow becomes more determined than ever to keep him at a safe distance, despite the risk to her family's home and legacy. The closer he comes, the more likely the earl is to discover that his bluestocking is not all that she seems.

In this sweeping historical novel, a young American nurse, stationed in Manila at the start of WWII, must survive the horrors of a Japanese prison camp.

When Margie Bauer joins the Army Nurse Corps in 1941, she is delighted to be assigned to Manila—the Pearl of the Orient. Though rumors of war circulate, she feels safe—the island is fortified, the airbases are ample, and the Filipino troops are well-trained.

But on December 8, 1941, her dreamworld shatters. Captured by the invading Japanese, Margie ends up interned at Santa Tomas, an infamous prison camp. There, for the next three years, while enduring brutality and starvation, her bravery, resourcefulness, and faith are tested and her life forever changed.

At once an epic tale of a nation at war and the deeply personal story of one woman's journey through hell, *A Pledge of Silence* vividly illustrates the sacrifices the Greatest Generation made for their country, and the price they continued to pay long after the war was over.

ALA Short List for Best Fantasy Novel for Young Readers

From the imaginative mind of debut author Charlie N. Holmberg, *The Paper Magician* is an extraordinary adventure that will delight readers of all ages.

Ceony Twill arrives at the cottage of magician Emery Thane with a broken heart. Having graduated at the top of her class from the Tagis Praff School for the Magically Inclined, Ceony is assigned an apprenticeship in paper magic despite her dreams of bespelling metal. And once she's bonded to paper, that will be her only magic . . . forever.

Yet the spells Ceony learns under the strange yet kind Thane turn out to be more marvelous than she could have ever imagined—animating paper creatures, bringing stories to life via ghostly images, even reading fortunes. But as she discovers these wonders, Ceony also learns of the dangers of forbidden magic.

Whitney Awards Finalist in the Speculative Youth Fiction Category

Now well into her apprenticeship with magician Emery Thane, twenty-year-old Ceony Twill is continuing to discover the joy of paper magic. She adores bringing her spells to life in surprising ways, from learning the power of distortion to creating a beloved paper dog. And she secretly hopes that the romance she foresaw blossoming between her and the peculiar yet strikingly handsome Emery finally becomes real.

But when one magician with a penchant for deadly scheming believes that Ceony possesses a secret, he vows to discover it . . . even if it tears apart the very fabric of their magical world. After a series of attacks target Ceony, and catch those she holds most dear in the crossfire, she knows she must find the true limits of her powers . . . and keep her knowledge from falling into wicked hands.

Throughout her studies, Ceony Twill has harbored a secret, one she's kept from even her mentor, Emery Thane. She's discovered how to practice forms of magic other than her own—an ability long thought impossible.

While all seems set for Ceony to complete her apprenticeship and pass her upcoming final magician's exam, life quickly becomes complicated. To avoid favoritism, Emery sends her to another paper magician for testing, a Folder who despises Emery and cares even less for his apprentice. To make matters worse, a murderous criminal from Ceony's past escapes imprisonment. Now she must track the power-hungry convict across England before he can take his revenge. With her life and loved ones hanging in the balance, Ceony must face a criminal who wields the one magic that she does not, and it may prove more powerful than all her skills combined.

To the uninitiated, Savannah shows only her bright face and genteel manner. Those who know her well, though, can see beyond her colonial trappings and small-city charm to a world where witchcraft is respected, Hoodoo is feared, and spirits linger. Mercy Taylor is all too familiar with the supernatural side of Savannah, being a member of the most powerful family of witches in the South.

Despite being powerless herself, of course.

Having grown up without magic of her own, in the shadow of her talented and charismatic twin sister, Mercy has always thought herself content. But when a series of mishaps—culminating in the death of the Taylor matriarch—leaves a vacuum in the mystical underpinnings of Savannah, she finds herself thrust into a mystery that could shake her family apart . . . and unleash a darkness the line of Taylor witches has been keeping at bay for generations.

Graceful trees and historic buildings fill Savannah, Georgia, but beneath the city's Southern splendor, its supernatural roots run deep.

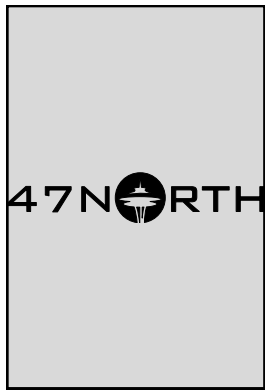

Savannah resident Mercy Taylor may now be in control of the South's most powerful family of witches, but she's struggling to master her newfound magic. Pregnant with her first child and still reeling from a heartbreaking betrayal, she just wants to be able to use her supernatural abilities without accidentally destroying dishes or blasting the doors off buildings.

But when Mercy's long-presumed-dead mother suddenly returns, begging Mercy to keep her presence under wraps, the witch wonders how many secrets her family is hiding . . . and who she can really trust.

The third book in J. D. Horn's Witching Savannah series, *The Void* is a gripping adventure about the enchantment—and evil—that can lie just beyond sight.

Mercy Taylor and her husband, Peter, are happily preparing to welcome baby Colin into their lives. But their excitement quickly becomes overshadowed by a gruesome discovery: someone has scattered severed limbs throughout the city. After a troubling visit from an old foe, Mercy learns dark magic is at play, and someone—or something—wants her and her unborn child out of the picture. To uncover the shocking reason why, the amateur witch must face a force beyond her power . . . or risk losing everything.

Stay tuned for the fourth book in the Witching Savannah series, *Jilo*, which will be released in Spring 2016!

Here & There imagines the next advancements in teleportation in the context of a love story: Can the atoms **and energies that comprise a person's body and "mind" be teleported and transferred successfully while causing the unhealthy and unscanned portion of a body to pass into another, unwanted object?**

Here & There begins when an anxiety-ridden son discovers a top-secret US government report—prepared by the son's now-missing psychologist-mother—concerning a disastrous event known as the Reidier Test. The test, performed by a brilliant Brown University quantum physicist named Kerek Reidier, resulted in the attempted teleportation and presumed death of Reidier's family and other top government officials.

Although structured as a thriller, the narrative more pointedly examines the love between Reidier and his wife, Eve, who suffers from an inoperable brain tumor. And it suggests that the real intent of the Reidier Test was to perform through teleportation a quantum surgery—to forge a healthier, cancer-free Eve.

J. D. Horn

Rights Available: All Languages, Audio

Bestselling author J. D. Horn returns with a disturbing Southern Gothic character study set in the mid-1950's. *Shivaree* is driven by a cast of deeply flawed, disturbing, and eccentric characters, and a sinister town secret that rises at night to extract merciless revenge.

As the Korean War ends, Corinne Ford—a well-bred veteran of the Army Nursing Corps—returns to the States to live in the hometown of her new fiancé, Private First Class Elijah Dunne. They are in love, she thinks, but almost immediately upon her arrival in Conroy, Mississippi, she realizes that culture shock may be the least of her worries.

A brutal murder disrupts Conroy's tensely placid quiet, and decades of buried stories begin to creep into the light. No one is innocent, it seems, from the seat of local power to the hired help. The deepest secret involves the beautiful Miss Ruby, Elijah's ex-girlfriend and the former belle of Conroy, who—before the war—left Elijah, fled for Hollywood, and returned a few years later utterly changed: her health withering fast and her death only the beginning of a slow vengeance that won't stop until its hunger is satisfied.

A science fantasy à la *Star Wars* set inside a massive Dyson construct, *Heirs of Empire* is the next standalone novel by the author of the bestselling *Odyssey One* series.

When General Corian launches his coup against the Scourwind Throne, he throws elements of the Empire into disarray as Loyalists and his forces clash over the missing heirs to the Empire. The Scourwind twins, having fled the palace during the coup, are found by a former elite member of the Empire's forces and sheltered with her on her once luxury yacht, now turned pirate corsair.

The Loyalist forces gather in preparation for a risky gambit, a decapitating strike against the Tyrant Corian, but until the Heirs have been found they would risk only tearing more of the Empire to tatters.

There are a number of mysterious killings along Colorado's borders, and Maven sends Lex and Quinn to investigate.

It turns out that werewolves are testing the borders, spurred on by Itachi's death. Lex and Quinn determine that the wolves are hoping Maven will be too busy dealing with vampire politics to enforce the prohibition against keeping werewolves in Colorado. Lex has learned that her sister was actually killed by a werewolf, so she wants to go on the offensive. When Quinn and Lex manage to capture a werewolf alive, however, he tells them that it isn't a coordinated attack: something is pulling the wolves toward Boulder, as if they can't help themselves.

Lex goes to the coven, who confirm that Boulder sits on a splinter: a fragment of a now-dead ley line. This is what pulled Maven to Boulder, what keeps the witches here more powerful than in other places.

Now Ellie faces a frightening new life, abandoned by the man she loves and tormented by malevolent spirits unleashing their vengeance upon the earth. Her only shot at protecting humanity—and herself—from the demon scourge is to claim the mark of the god Ahone as her own. Finding it means trusting Dr. David Preston, a handsome professor of Native American studies whose skepticism is surpassed only by his attraction to Ellie. Together they must finish what the Curse Keepers began, defying the forces of darkness to face hell on earth—and unlock the truth of Ellie's destiny.

At its core, this is a book about profound possibility; about what is actually possible for our species; about where—if anywhere—our limits lie.

Modern Man: The Life of Le Corbusier, Architect of Tomorrow

Anthony Flint

Nonfiction (Biography)

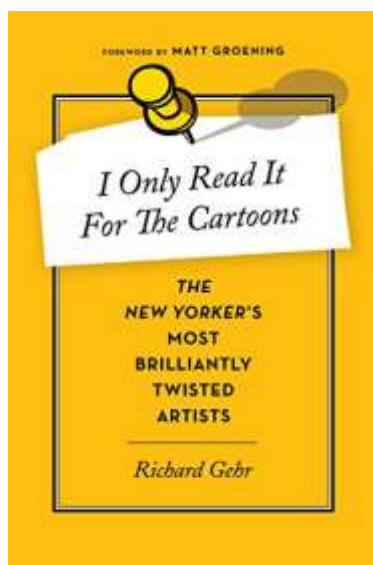

Rights Available: All Languages

Rights Sold: Simplified Chinese

From the award-winning author of *Wrestling with Moses* comes a fascinating, accessible biography of Le Corbusier, one of the most important architects of the twentieth century.

Modern Man is a penetrating psychological portrait of a true genius and constant self-inventor, as well as a sweeping tale filled with exotic locales, sex and celebrity (he was a lover of Josephine Baker), and high-stakes projects. In Flint's telling, Corbusier isn't just the grandfather of modern architecture but a man who sought to remake the world according to his vision, dispelling the Victorian style and replacing it with something never seen before. His legacy remains controversial today, as the world grapples with how to house its skyrocketing urban population and the cult of the "starchitect" continues to grow.

Modern Man is for readers fascinated by the complex personal lives and outsized visions of both groundbreaking artists and dazzling, charismatic innovators like Steve Jobs.

Richard Gehr

Nonfiction

Rights Available: All Languages

Rights Sold: Audio

Available for the first time to *The New Yorker's* **one million-plus** readers: a volume dedicated to the individual careers of the **magazine's cartooning superstars.**

Widely considered to be the pantheon of single-panel cartooning, *The New Yorker* cartoonists' styles are richly varied, and their personal stories are surprising. For example, did you know that Arnie Levin is a seventy-three-year-old former Beatnik painter with a handlebar mustache and a back decorated by one of Japan's foremost tattoo artists?

Gehr's book features fascinating biographical profiles of such artists as Gahan Wilson, Sam Gross, Roz Chast, Lee Lorenz, and Edward Koren, and it is illustrated with their rare sketches and rejected cartoons. Along with a dozen such profiles, Gehr provides a brief history of *The New Yorker* cartoon itself, touching on the work of earlier illustrating wits, including Charles Addams, James Thurber, and William Steig.

The Icons Series: Biographies for the Digital Age

Edited by James Atlas

We are living in what the English biographer Michael Holroyd has called “a golden age of biography,” a moment when the genre occupies a dominant place in our literary culture. In a time when our fascination with the private aspects of public lives is so intense, it’s not surprising that biography has become one of the most prominent forms of narrative nonfiction. Yet reading habits have changed dramatically in the digital age: readers accustomed to taking on books of daunting length have been adapting themselves to the e-book in all its forms, while the information overload that is now a ubiquitous feature of daily life has made it harder to reach a new generation of readers.

Icons, a series of brief biographies launched in December 2013, is designed to take advantage of these transformations. In the tradition of the Penguin Lives, which sold 700,000 copies and was published in translation all over the world, the Icons series provides a reading experience perfectly suited to a moment of unprecedented change. Written by established and emerging writers, the books in the series will be 25,000 to 40,000 words, and will focus on canonical figures in the culture, both historical and contemporary. The series is edited by the biographer James Atlas (*Delmore Schwartz: The Biography of an American Poet*, *Bellow: A Biography*), founding editor of Penguin Lives and of two other highly acclaimed series, Great Discoveries (W.W. Norton) and Eminent Lives (HarperCollins).

Praise for *Jesus: The Human Face of God* by Jay Parini:

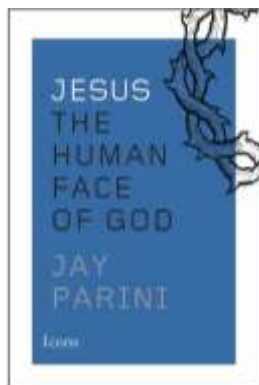

“Parini’s brief and ambitious book contains eight chapters, which examine ancient Palestine, Jesus’ birth, his early ministry, his experiences as healer and teacher in Galilee, his entrance into Jerusalem, the journey from Gethsemane to Golgotha (‘The Passion’), the Resurrection, and Christ’s afterlife. In his mid-60s, Parini emphasizes, he is still in search of Jesus, ‘and this seeking seems more important than the finding.’ And so, his book is not only well informed, but deeply personal.” —*The Boston Globe*

Praise for *Lucian Freud: Eyes Wide Open* by Phoebe Hoban:

“Art biographer Hoban presents a highly effective, strobe-like brief life of British painter Lucian Freud . . . A strikingly incisive portrait.” —*ALA Booklist*

Praise for *J. D. Salinger: The Escape Artist* by Thomas Beller:

“Irresistible . . . Endearing . . . Lyrical and precise . . . *J. D. Salinger* is the story of the resonance of its subject, but it is also the story of a generous, humorous, sensitive writer, which is to say Thomas Beller. Not much escapes him.” —*The New York Times Book Review*

Jesus: The Human Face of God (Icons)

Jay Parini

Rights Available:
All Languages

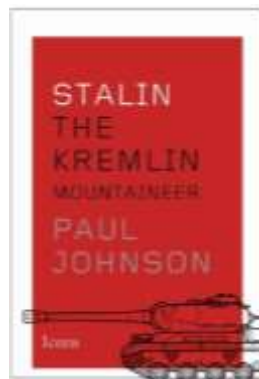

Rights Sold:
Audio, Korean

An Amazon Best Book of the Month, December 2013

Jay Parini brings a life’s worth of contemplation on Jesus to the first volume in Icons, a series of brief, thought-provoking biographies edited by James Atlas. In *Jesus*, Parini turns the powerful narrative skill he’s wielded over the course of a four-decade career to a figure who’s dominated our collective imagination and cultural iconography for over twenty centuries.

The main trend of modern theology has hinged on the notion of “demythologizing” Jesus. Parini’s book seeks to re-mythologize him, considering the story in all its mythical radiance, taking Jesus as the human face of God.

Far from dogmatic, Parini looks at the many ways in which Jesus has been viewed and dramatizes the transformation from Jesus to Christ, man to myth, and obscure Jewish carpenter to someone who pointed a finger toward God and said with conviction: This is the way. Follow me.

Stalin: The Kremlin Mountaineer (Icons)

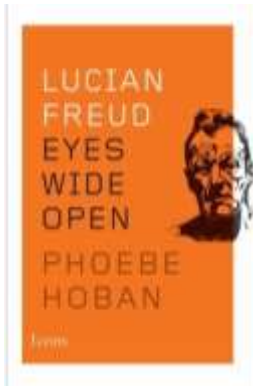

Paul Johnson

Rights Available:
All Languages

Rights Sold:
Audio, Czech,
Romanian, Russian

Paul Johnson, the most celebrated popular historian of our time, takes a scalpel to Stalin, whom he considers “one of the outstanding monsters of history.” Johnson sets forth the essence of Stalin’s life, character, and career. “It has been a hateful task, which has caused me much pain and disgust,” he writes with characteristic candor. “But it has been a duty I have performed not without a certain grim satisfaction.”

Stalin poses a particular challenge to a biographer: How does one render such a monstrous human? While Johnson doesn’t flinch from chronicling Stalin’s rise to absolute power—the remorseless vendetta against Leon Trotsky, the development of the Gulag, the extermination of millions of peasants—he also shows Stalin playing billiards, listening to his adored Mozart, and annotating Marx’s *Capital* in the margins. It is, in concise form, the story of Russia in the twentieth century: dark and murderous, a stage on which to display humanity’s infinite capacity for self-destruction.

Lucian Freud: Eyes Wide Open

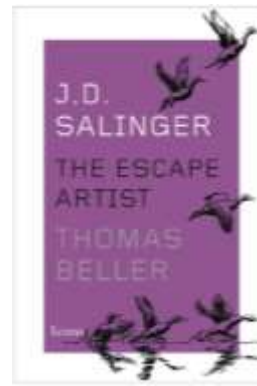

Phoebe Hoban

Rights Available:
All LanguagesRights Sold:
Audio, Korean

Phoebe Hoban, author of authoritative biographies of Jean-Michel Basquiat and Alice Neel, now turns her attention to Lucian Freud, the grandson of Sigmund and one of the greatest painters England has produced.

Lucian Freud: Eyes Wide Open is the first biography to assess Freud's work and life, showing how the two converge. In Hoban's dramatic and fast-paced narrative, we follow Freud from his birthplace in Berlin to London and then to Paris, where he mixed with Picasso and Giacometti. He married twice, had an uncountable number of children, and kept working through it all, painting everyone from close friend and rival Francis Bacon to Kate Moss to Queen Elizabeth. However various his subjects, his intent was always the same: to find and reveal the character hidden within by means of his intense visual imagination.

Along with its startling biographical revelations, the great thrill of *Lucian Freud* is the way Hoban deconstructs the art itself to show how Freud reproduced reality on the canvas while breaking down the illusion that what we see is real.

J. D. Salinger: The Escape Artist

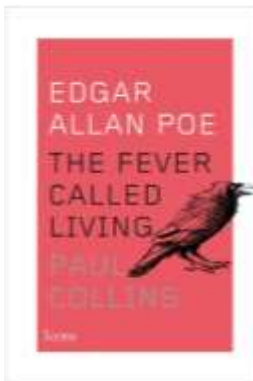

Thomas Beller

Rights Available:
All LanguagesRights Sold:
Audio, Korean

Here is a spirited, deeply personal inquiry into the near-mythic life and canonical work of J. D. Salinger by a writer known for his sensitivity to the Manhattan culture that was Salinger's great theme.

Three years after his death at ninety-one, J. D. Salinger remains our most mythic writer. *The Catcher in the Rye* (1951) became an American classic, and he was for a long time a writer for *The New Yorker*. But fame proved a burden, and in 1953 Salinger fled to New Hampshire, spending the next half century in isolation.

Beller has followed his subject's trail, from his Park Avenue childhood to his final refuge, barnstorming across New England to visit various Salinger shrines, interviewing just about everyone alive who ever knew Salinger. The result is a quest biography in the tradition of Geoff Dyer's *Out of Sheer Rage*, a book as much about the biographer as about the subject—two vivid, entertaining stories in one.

Edgar Allan Poe: The Fever Called Living

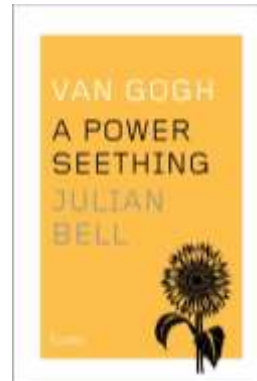

Paul Collins

Rights Available:
All LanguagesRights Sold:
Audio, Korean

Today the name Edgar Allan Poe invokes a tragic genius whose mastery of horror seems inexorably tied to his tormented life. But in his own time, Poe was above all a craftsman—an editor and reviewer desperately trying to earn a living by transmuting the wild ephemera of early Victorianism into innovations in science fiction, horror, and detective literature. Indeed, the crime thriller would not exist without Poe's sleuth Dupin, the deductive genius of "Murders in the Rue Morgue" and "The Purloined Letter."

With brilliant scholarship and storytelling verve, Edgar-award finalist Paul Collins delves into Poe's life and his professional world, from his stormy relationship with his rich adoptive father and interest in cryptograms to hits such as "The Raven" and flops like *Eureka*, his late-career crank literature outing. *Edgar Allan Poe* is an informative and supremely entertaining account of one of the most singular talents in American letters.

"Incisive, insightful and always entertaining, this is a welcome addition to reading lists both for Poe aficionados and newcomers." —Matthew Pearl, author of *The Poe Shadow*

Van Gogh: A Power Seething

Julian Bell

Rights Available:
All Languages, Audio

A biography of Van Gogh that is at once a suspenseful narrative of a turbulent and tragic life and an account of the classic work that emerged, *Van Gogh* follows the trail of the great Impressionist painter from his childhood in the Netherlands, where he was born into a family of art dealers, through his years in England, the Hague, and Paris, to his final home in Arles, where he discovered the luminous style of his late paintings before his suicide at the age of thirty-seven.

Van Gogh struggled to find his way as an artist: Well into his mid-twenties he had achieved virtually nothing except a few charcoal drawings of coal miners. The great lustrous paintings of his final phase seem to burst out of nowhere.

Julian Bell, a well-known critic and accomplished painter himself, conveys this tragic story in rapid staccato prose that creates suspense as it moves toward its inevitable denouement. In his hands, *Van Gogh* seems to leap off the page in all his anguished vigor, a genius for whom the greatest challenge was to stay alive until he had done his magnificent work.

Alfred Hitchcock: The Man Who Knew Too Much

Michael Wood

Rights Available:
All Languages,
Audio

Widely regarded as the greatest filmmaker of the 20th century, Alfred Hitchcock brought to the genre a gift for creating suspense and a shrewd knowledge of human psychology. Among the more than fifty films he made in the course of his long career are the classics *North By Northwest*, *Psycho*, and *The 39 Steps*. A master in the art of telling complex stories on film, Hitchcock was one of the first directors to make the medium both a contribution to popular culture and a high art.

He struggled with obesity from an early age; by the time he became the host of the television show *Alfred Hitchcock Presents*, it was a profile familiar to millions; his cameo roles in his own films were one of their most anticipated features. By the end of his life, he had gone from humble beginnings as the son of a greengrocer in a London suburb to the reigning director in Hollywood, a journey Wood traverses with the wit and erudition that are the trademark of his work.

Hannah Arendt: The Conscious Pariah

Anne Heller

Rights Available:
All Languages

Rights Sold:

Arendt was brilliant, beautiful when young, and irresistible to gifted men, even in her chain-smoking, highly productive middle age. Born in Prussia to assimilated Jewish parents, she escaped from Hitler's Germany in 1933.

She learned to write in English at age thirty-six, and yet her first book, *The Origins of Totalitarianism*, single-handedly altered the way generations of Americans and Europeans understood the meaning of fascism and the attempted destruction of the Jewish people. She was extolled by her peers as a visionary and criticized, even denounced, as a poseur, especially following the publication of her most famous book, *Eichmann in Jerusalem: A Report on the Banality of Evil*, where she depicted the Nazi trainmaster Adolf Eichmann not as a monster but as a self-seeking bureaucrat incapable of moral thought.

After the revelation in the 1990s that she had been the lover of the great Romantic philosopher and Nazi sympathizer Martin Heidegger in the 1920s, she and her work have been more fiercely debated than ever before.

St. Paul: The Apostle We Love to Hate

Karen Armstrong

Rights Available:
All Languages

Rights Sold: Audio,
Dutch, UK (English)

Paul the Apostle was a central figure in the Apostolic Age, a Jew who is believed to have written the first fourteen books of the New Testament. His Epistle to the Romans, one of the most influential texts of the Apostolic Era, was instrumental in spreading the gospel of Jesus Christ throughout the Greco-Roman world. A charismatic preacher, he was above all a writer, and much of his work survives, making him an ideal subject for the brief biographical form.

Karen Armstrong is the bestselling author of such monumental inquiries into the fundamentals of religion as *A History of God: The 4,000-Year Quest of Judaism, Christianity, and Islam* and *The Great Transformation: The Beginning of Our Religious Traditions*, as well as concise biographies of Muhammad and Buddha. In 2008, she won the TED Prize of \$100,000, which enabled her to launch the Charter for Compassion, a document that has been signed by citizens all over the world.

David Lynch: The Man From Another Place

Dennis Lim

A revealing look at the life and work of David Lynch, one of the most enigmatic and influential filmmakers of our time. Every frame of his work from the '70s midnight movie *Eraserhead* to the groundbreaking TV series *Twin Peaks* to the digital-video DIY feat *Inland Empire* bears his imprint. But the paradox of the Lynchian is that it is both easy to recognize and hard to define. He's a master of the inscrutable gesture and the opaque symbol. No less than his art, Lynch's career evades the usual categories. He is at once a pop culture icon, a subject of academic study, a cult figure, and an industry outsider.

Dredged from his subconscious mind, Lynch's films are primed to act on ours. He claims to act on instinct and often warns against overinterpretation. Accordingly, this is not a book that seeks to decode his art or annotate his life—to dispel the strangeness of the Lynchian—so much as one that offers some complementary ways of seeing and understanding one of the most distinctive bodies of work in modern cinema.

Benazir Bhutto: Favored Daughter

Brooke Allen

Rights Available:
All Languages, Audio

Benazir Bhutto led one of the most dramatic lives of the last century. Born to privilege as the daughter of one of Pakistan's great feudal families, groomed at Harvard and Oxford for a diplomatic career, she was thrust into the political arena when her father, Pakistan's charismatic and controversial prime minister, was overthrown and executed by the military dictator Zia ul-Haq. Her remarkable rise from persecuted opposition figure to warrior for democracy, and her apotheosis as prime minister (Bhutto was the first woman to lead a Muslim nation), were matched by the Grand Guignol of her downfall as she and her husband were accused of corruption on the grand scale and suspected by many of engineering the murder of her oppositional brother.

Bhutto's unsolved assassination during her comeback presidential bid in 2007 put an end to a tragedy that easily rivals that of the Kennedy family, or the house of Atreus. Brooke Allen's biography will draw on contemporary news sources and eyewitness reports as well as narratives by Bhutto herself, her supporters, and her enemies.

The Leap: The Science of Trust and Why it Matters

Ulrich Boser

Nonfiction

Rights Available: All Languages

Rights Sold: Audio, Corporate Library (English)

High-profile corporations and governments are continuously in the news for scandals involving damaged trust. In *The Leap*, Ulrich Boser offers a framework to understand why trust is of paramount importance for institutions and how they can repair their damaged relationships with customers and constituents.

Why do we work with others? According to conventional wisdom, people are selfish and greedy, and if it weren't for society's rules and rewards, we would all be taking advantage of one another. But a wealth of new research suggests that we are far more trusting—and trustworthy—than we've long assumed. In fact, our trust in others turns out to be a type of social glue. It's the currency of social capital and ultimately what keeps teams, communities, even nations together.

In *The Leap*, bestselling author Ulrich Boser shows how the emerging science of trust and cooperation can transform our lives, rebuild our economy, and strengthen society. In this engaging and deeply researched narrative, Boser visits a radio soap opera in Rwanda that aims to restore the country's broken trust, profiles the man who brought honesty to one of the most corrupt nations in Latin America, and explains how a college dropout managed to con his way into American high society. In the end, Boser even jumps out of an airplane to better understand his own faith in others.

A powerful mix of hard science and compelling storytelling, *The Leap* explores how we trust, why we trust, and what we can all do to deepen trust. The book includes insightful policy recommendations along with revealing and surprising new data on the state of trust in America today.

Location Is (Still) Everything: The Surprising Influence of the Real World on How We Search, Shop, and Sell in the Virtual One

David R. Bell

Nonfiction

Rights Available: All Languages

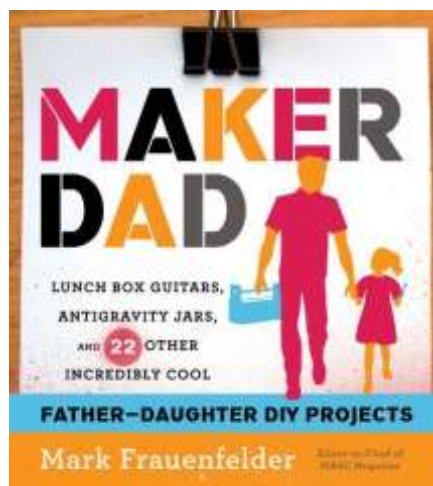

Rights Sold: Audio, Corporate Library (English), Simplified Chinese

In *Location Is (Still) Everything*, David R. Bell combines academic research with thorough case studies to better understand how our physical world shapes our online activity. Entrepreneurs looking to break into the e-commerce world will find Bell's insights into consumer practices and buying habits surprising and instructive.

Conventional wisdom holds that the Internet makes the world flat and reduces friction, erasing the impact of the physical world on our buying habits. But Wharton professor and marketing expert David R. Bell argues that the way we use the Internet is largely shaped by the physical world that we inhabit. Anyone can go online and buy a pair of pants—but the likelihood that we would do so depends to a significant degree on where we live. The presence of stores nearby, trendy and friendly neighbors, and local sales taxes play a large role in the decision-making process when it comes to buying online.

Location Is (Still) Everything is for anyone who wants to understand the patterns underlying how and why we use the Internet to shop, sell, and search, including entrepreneurs, students, and investors. This book is not only about Internet trends and innovations, but also about fundamental human behavior and the role that the Internet plays in our daily lives.

“As authentic as a hard-fought ten-miler through the bitter cold of winter, Powell’s memoir is an open book, warts and all. Like a transcendent race, *Running Away* delivers.” —Chris Lear, author of *Running with the Buffaloes*

When journalist Robert Andrew Powell finished his first marathon, he cried, cradled in his father’s arms. Long distance runners understand where those tears come from, even if there are others who will never understand what drives someone to run 26.2 consecutive miles in a grueling mental and physical test. Powell’s emotional reaction to completing the race wasn’t just about the run, though. It was also about the joy and relief of coming back up after hitting rock bottom.

Running Away is the story of how one decision can alter the course of a life. Knocked down by a painful divorce and inspired by his father, Powell decided to change his mindset and circumstances. He moved to Boulder and began running in earnest for the first time in his life. Over the 26.2 chapters that follow, Powell grapples with his past relationships, gaining insight and hard-won discipline that give him hope for the future.

Touchstone Tools: Building Your Way to an Inspired Life

Joe Holland

Self Help—Success

Rights Available: All Languages, Audio

After working for years in the homeless shelter that he founded, Joe Holland unearths a fundamental truth: people—homeless or not—either lead lives of mediocrity and failure or lives of fulfillment based on their values.

To make his point, Holland has developed 10 principles that are the touchstone of this concept that values matter. These tools are intended to be more than moral precepts leading to an understanding of the right thing to do. They are inspired principles, which, when faithfully applied, endow an individual's life with a holistic perspective—a spirit-mind-body dynamic. By providing these 10 touchstone tools, the author suggests ways in which one can change one's life—and even extend these principles to take on societal challenges, just as he did for homelessness in Harlem. The touchstone tools include: responsibility, self-esteem, discipline, and more.

Touchstone Tools will appeal to both Christian and secular markets, and is primarily targeted to readers focused on personal transformation.

As a diplomat's son, star athlete, and scholar, Joseph Holland had a world of opportunities awaiting him in corporate America. Instead, he moved to Harlem during the nadir of its blight to contribute to a neighborhood that was tough in every sense of the word. His five-year sojourn became a three-decade commitment, as his career morphed from practicing law to empowering the homeless, running small businesses, and serving in politics as New York State Housing Commissioner. His Harlem-based entrepreneurial work has received national media attention.

In addition to community advocacy, writing has been a passion of Holland's since his time as an English major at Cornell University. Holland has written and developed two professionally produced plays, and has also written several screenplays, including *Booker T*, which was optioned by a Hollywood management company. The author has received awards and honors for both his business and social service accomplishments.

As the soldiers of Greece return from war with Persia, they are greeted not as heroes but as merely more mouths to feed. Athens is overflowing with the poor and desperate. For some of the former soldiers, this life is not why they fought. They crave adventure. They need money. More than anything, though, they long for purpose. One man may hold the answer: Plato. Not only is he versed in the art of philosophy, but he is no stranger to the art of martial combat. He believes there is a way to combine the two arts, creating a new way of life for the former soldiers. This comic contains explicit content and is recommended for mature readers.

Life and Other Near Death Experiences

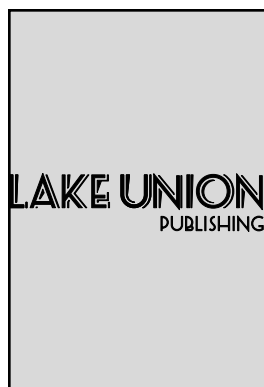

Camille Pagán

In the spirit of Lolly Winston's *Good Grief* and Jonathan Tropper's *This is Where I Leave You*, **Camille Pagán's *Life and Other Near Death Experiences*** is a frank, funny and tear-inducing examination of the beautiful mess called life.

An hour after Libby Miller is diagnosed with an obscure, typically-fatal form of cancer, her husband misunderstands the source of her distress and destroys their marriage with one stuttering sentence. Sunny, unflappable Libby reacts in a distinctly un-Libby way: she decides to leave him and everything that embodies her life up until that moment. She also walks away from treatment. Having seen her own mother suffer through chemo and radiation only to die anyway, she has different plans for her final days.

Libby books a trip to Vieques, a small Puerto Rican island that her mother loved. It's meant to be, she tells herself moments before her puddle jumper plane nose-dives into the Caribbean. She survives, but as she attempts to ignore her physical pain, she can't shake the sense that something else—something even more significant than her preternaturally short lifespan and imploded marriage—is amiss.

In 406 BC, to seal a tenuous truce, the young Roman Caecilia is wedded to Vel Mastarna, an Etruscan nobleman from Veii. Leaving her militaristic homeland, Caecilia is determined to remain true to Roman virtues while living among the sinful Etruscans. But, despite her best intentions, she is seduced by a culture that offers women education, independence, sexual freedom, and an empowering religion.

Enchanted by Veii but terrified of losing ties to Rome, Caecilia performs rites to delay becoming a mother, thereby postponing true entanglement. Yet as she develops an unexpected love for Mastarna, she's torn between her birthplace and the city in which she now lives. As war looms, Caecilia discovers Fate is not so easy to control, and she must choose where her allegiance lies.

During a bitter siege between Rome and the Etruscan city of Veii, three women follow different paths to survive.

Caecilia, Roman born but Etruscan wed, forsakes Rome to return to her husband, Vel Mastarna, exposing herself to the enmity of his people while knowing the Romans will give her a traitor's death if Veii falls. Semni, a reckless Etruscan servant in the House of Mastarna, embroils herself in schemes that threaten Caecilia's son and Semni's own chance for love. Pinna, a destitute Roman prostitute, uses coercion to gain the attention of Rome's greatest general at the risk of betraying Caecilia's cousin.

Each woman struggles to protect herself and those whom she loves in the dark cycle of war. What must they do to challenge Fate? And will they ever live in peace again?

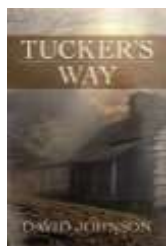

The third book in the sweeping Tale of Ancient Rome series.

The Heart of the Order: A Novel

Theo Schell-Lambert

Rights Available: All Languages, Audio

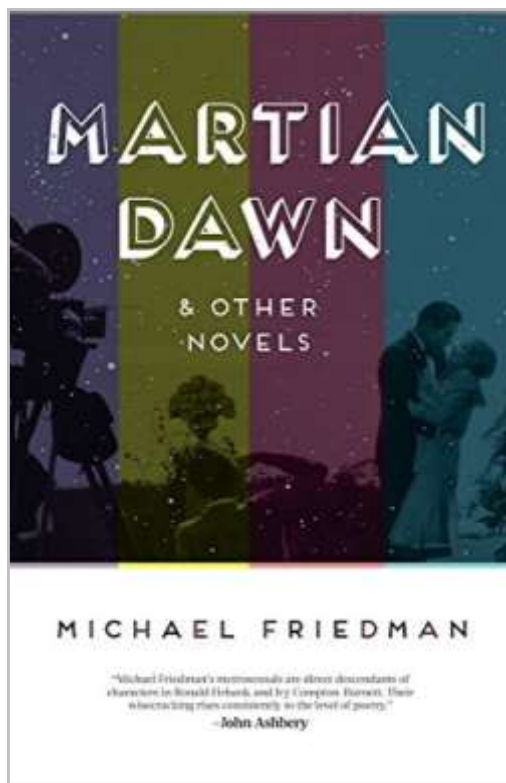

The Heart of the Order is a beautifully observant debut novel about sports, life, the **body, and the soul that is reminiscent of Joseph O'Neill's *Netherland*** and the best of Nicholson Baker.

Blake Alexander—"Xandy" to his teammates—is an impressively average leftfielder for the fictional Carolina Birds of the National League South. A spectacular knee injury in Cincinnati leaves him facing a summer of rehab and a career in doubt.

Eager to occupy himself during games, Xandy trades his glove for a laptop, and each night around first pitch, settles into a lounge behind his borrowed Florida house to write. What emerges from Xandy's patio sessions is an addictive, bighearted, and delightfully clever series of reflections—about everything from losing streaks to bullpen phones to his beguiling physical therapist, Jenn, who (like a third-base coach) keeps giving him signs he can't quite read.

An utterly winning narrator, with an observational style honed from years spent reading the spin on fly balls, Xandy emerges as a fresh and memorable voice in American fiction.

Theo Schell-Lambert is a New Orleans-based writer of fiction, criticism, and essays. His work has appeared in *Day One*, *McSweeney's Internet Tendency*, *The Village Voice*, *The Believer*, the *San Francisco Chronicle*, and other publications, and he is a former columnist for *GOOD*. He is currently working on a novel.

Martian Dawn and Other Novels

Michael Friedman

Rights Available: All Languages,
Audio

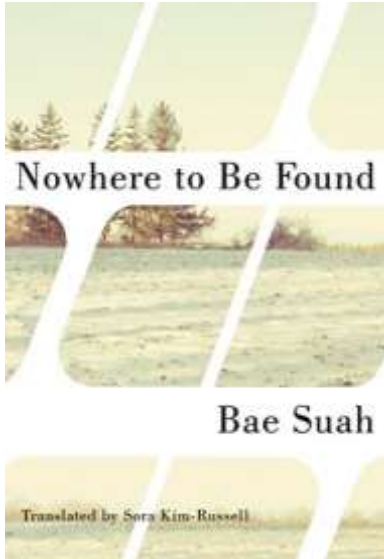

Three short, delicious, deadpan novels by an author who possesses (in Dennis Cooper's words) **"one of the best sensibilities in contemporary lit."**

In *Are We Done Here?*, a high-strung actress becomes an indie darling while engaging in outrageous behavior; a researcher finds deep meaning while in an Amazonian rainforest; and some people go to a poetry reading. In *On My Way to See You*, a man goes looking for his missing friend, the transgressive author Devin Curtis—and meets with Curtis's hitherto unknown identical twin. Who might be a hologram. And in the cult classic *Martian Dawn* (republished here), a science-fiction movie is getting made; things are heating up in the BioDome; and Richard and Julia—who seem to correlate to characters in the movie *Pretty Woman*—figure out their relationship. A total hoot. With a new introduction by Molly Young.

"Michael Friedman's metrosexuals are direct descendants of characters in Ronald Firbank and Ivy Compton-Burnett. Their wisecracking rises consistently to the level of poetry." —John Ashbery

"Michael Friedman has one of the best sensibilities in contemporary lit. *Martian Dawn* possesses the impeccable construction, low gravity, and shimmering surface of something written with a magic wand." —Dennis Cooper

Michael Friedman is the author of six books and chapbooks of poetry. His work has appeared in *Great American Prose Poems* (Scribner, 2003). He was educated at Columbia, Yale, and Duke. The former chairman of the St. Marks Poetry Project, he now practices law in Denver and teaches in Naropa's MFA program.

Nowhere to Be Found: A Novel

Bae Suah

Rights Available: All Languages excluding Korean, Audio

A nameless narrator passes through her life, searching for meaning and connection in experiences she barely feels. For her, time and identity blur, and all action is reaction.

She can't quite understand what motivates others to take life seriously enough to focus on anything—for her existence is a loosely woven tapestry of fleeting concepts. From losing her virginity to mindless jobs and a splintered, unsupportive family, the lessons learned have less to do with the reality we all share and more to do with the truth of the imagination, which is where the narrator focuses to discover herself.

Nowhere to Be Found was originally written in Korean, and has been translated into English by Sora Kim-Russell.

Bae Suah was born in Seoul in 1965. After majoring in chemistry as an undergrad, she became a writer at the relatively late age of twenty-eight. Her first short story, which she wrote while learning how to type on a word processor, was published in a literary magazine. Prior to that, she had never taken any creative writing or literature classes. *Highway with Green Apples*, published in Korean in 1995 and published in the *Day One* journal in December 2013 in English, is one of her first works.

Speed Dreaming: Stories

Nicole Haroutunian

Rights Available: All Languages, Audio

The young women inhabiting the twelve stories in *Speed Dreaming* negotiate friendships, relationships, and their own creative ambitions, and debut author Haroutunian brings them beautifully to life in locales from rural Wales to suburban New Jersey, from postindustrial Poughkeepsie to anxiety-ridden Brooklyn.

A trio of linked stories follows Meg and Dax, a curator and butcher who married impulsively, from their eerie honeymoon in rural Wales through Meg’s crisis of identity when the maritime museum where she works floods, to early parenthood, when a coyote’s spectral presence at their child’s birthday party suggests deeper threats. In “The Living,” a woman with a terminal diagnosis moves to a new city and reinvents herself to a world of strangers; in “Youse,” two teenage girls are the victims of an attempted kidnapping. In another standout, “A Cane, an Anchor,” a young couple is unsure of what they lost in a house fire and what they’d lost long before it.

Nicole Haroutunian is a graduate of Vassar College, majoring in studio art. After graduation, she moved to Brooklyn and began working as a museum educator. When she isn’t writing, she spends her days guiding conversations about artwork in several New York City art institutions. Nicole received her MFA in creative writing from Sarah Lawrence College, where she studied with Amy Hempel, Victoria Redel, and Melvin Bukiet.

Day One, Year One: Best New Stories and Poems, 2014

Carmen Johnson

Rights Available: All Languages

Day One, Year One is a collection of short stories, poems, and artwork from emerging writers and illustrators who are shaping the literary landscape today.

Kindle's weekly journal, *Day One*, brings you a selection of works from year one in all its glory. From messy breakup stories, post-apocalyptic tales, and coming-to-America dramas to contemplative, sometimes comical poetry, this collection explores the great topics: love, hope, and, of course, a little debauchery.

It's an anthology to keep at your side—you never know when you'll want to read something great.

Praise for *Day One*:

"Our world is filled with noise: the electronic whistle of a new text message arriving on our phone, the clack and clatter of television news anchors, the insistent mewing of a cute kitten in the latest video to hit your social media stream. *Day One* cuts through that distracting static to say in a very clear, loud voice: 'Here is one story and one poem worthy of your attention for thirty minutes.' You are well advised to pause the cat video, find an oasis of quiet, and settle in with these new and emerging voices in fiction and poetry. What they have to say brings clarity to our cluttered lives."
—David Abrams, author of *Fobbit*

"*Day One* is for those who wish to read beyond 'the news of the day' to something that's news every day—that is, some of the best fiction and poetry by writers just setting out on the literary road. Each week, *Day One* presents a single piece of fiction and a poem, prefaced by a thoughtful and engaging introduction by the editor and followed by an informative commentary by the authors. A great way to spend your day—with the news of good writing."—Daniel Halpern, author of nine books of poetry, and publisher and president of Ecco

Carmen Johnson is an editor at Amazon Publishing. She lives with her husband in Brooklyn, New York.

“*Godforsaken Idaho* mixes the hardpan realism of Richard Ford’s *Rock Springs* with the dreadful wonder of Dan Chaon’s best stories. The Fracking King: A Novel

James Browning

Rights Available: All Languages

Rights Sold: Audio

The Fracking King follows Winston Crwth—a boarding-school kid, loner, and Scrabble prodigy—who becomes an unlikely hero in the fight to stop fracking in Pennsylvania.

Truth is a rare commodity in politics, and the idea of “winning” a debate as cleanly and simply as you’d win a Scrabble game can seem impossible. But with the truth on his side, a jar of toxic “frackwater,” and the belief that he can win a Scrabble tournament whose first prize is a meeting with Governor Linda King LaRue, Winston creates a moment of devastating truth for her and for the people who want to frack the state.

For all its thoughtful environmental concerns, *The Fracking King* is also a hopeful book about the power of believing in yourself and pursuing your own particular genius. Winston’s Scrabble prowess has its freakish side, but it also makes him genuinely heroic, and his lexical predicaments are funny, shocking, dirty, and sometimes mind-boggling. This is the rare, satisfying debut that’s as playful as it is profound.

For fans of Kevin Brockmeier or Justin Taylor, a poignant and inventive collection of coming-of-age stories by *Tin House* and *Best New American Voices* contributor Sean Ennis.

In this beautifully imaginative collection, young people attempt to negotiate the often surreal terrain of childhood and adolescence where family, friends, clergy, and teachers often pose a threat instead of providing safe harbor. At the heart of the collection is the relationship between the meek narrator, his best friend alpha-male Clip, and the near-feral Roger—but there are also agoraphobic mothers, gorgeous babysitters from New Zealand, paranoid stoned veterans, and deeply sad older sisters. Ennis has crafted modern day captivity narratives, set not at some remote fort, but in the neighborhoods of Philadelphia.

Using cinematic imagery and deft characterization, Ennis explores how we often feel confined—and yet find ourselves in places we least expect.

Incendiary Girls: Stories

Kodi Scheer

Rights Available: All Languages

Rights Sold: Audio

For fans of Karen Russell or Hannah Tinti, a debut collection of stories inspired by science, medicine, and the power of healing, with a magical twist.

Incendiary Girls explores our baser instincts with vivid imagination and humor. In these stories, our bodies become strange and unfamiliar terrain, a medium for transformation. In “Fundamental Laws of Nature,” a doctor considers her legacy, both good and bad, when she discovers that her mother has been reincarnated as a thoroughbred mare. In the title story, a mischievous angel chronicles the remarkable life of a girl just beyond death’s reach.

In Scheer’s hands, empathy and attachment are illuminated by the absurdity of life. When our bodies betray us, when we begin to feel our minds slip, how much can we embrace without going insane? How much can we detach ourselves before losing our humanity? Scheer’s stories grapple with these questions in each throbbing, choking, heartbreaking moment.

Bad Teeth: A Novel

Dustin Long

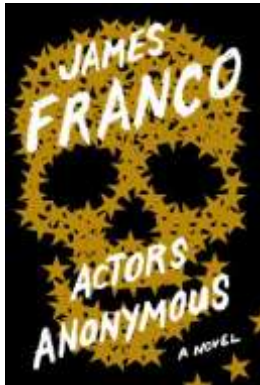

Rights Available: All Languages

Rights Sold: Audio

Four interlocking narratives unfurl in four American cities, creating a richly comic feast about love, academia, an elusive Tibetan novelist who might be a plagiarist, and SOFA, a protest group so mysterious its very initials are open to interpretation.

Bad Teeth follows a cast of young literary men and women in four very American cities—Brooklyn, Bloomington, Berkeley, and Bakersfield. It’s four (or more) books in one, a Pynchonesque treat: a bohemian satire, a campus comedy, a stoner’s reverie, and a quadruple love story. Its wonderfully evoked storylines of young writers—each in a period of formation—collect around the search for one mysterious author: “the Tibetan David Foster Wallace,” who might in fact be a plagiarist. This delightful and complex literary novel is a comic gem.

“Playful . . . [a] search party of hip literary types.” —*The New York Times*

Actors Anonymous: A Novel

James Franco

Rights Available: All Languages

Rights Sold: Audio,
German, Italian, UK

A dark, genre-bending work that mixes memoir and pure invention—an audacious, obsessive examination of the addictions of celebrity, acting, and the making of fictions.

Actors Anonymous is unsettling, funny, personal, and dark, a story told in many forms, from testimonials (in the style of *Alcoholics Anonymous*) and scripts to letters, diaries, and more. Franco turns his “James Franco” persona inside out—sometimes humorously, often mercilessly. The book contains profound insights into the nature and purpose of acting, bawdy satires of the high life, as well as deeply moving portraits of aspiring actors who never quite made it.

Franco’s seemingly inexhaustible celebrity currency makes this that rare work in which the writer’s fame matches his considerable literary ambition. Modeled loosely on *Alcoholics Anonymous*’s 12 Steps and 12 Traditions, *Actors Anonymous* is an intense, wild ride that’s pure Franco.

Remember How I Told You I Loved You?: Stories

Gillian Linden

Rights Available: All Languages

Rights Sold: Audio

From a brilliant new literary voice, a collection of stories that follow a young woman from college into her early thirties—from delayed adolescence to (delayed) adulthood.

Through college, careers, love affairs, and marriages, Linden’s characters try to sort out what separates the passing from the permanent, the actual from the possible, and exactly how involved you really have to be in the basic questions of your life. From familiar patterns like ambiguous friendships, uncertain love affairs, and unfulfilling jobs, Linden has created something new: a sharp and intimate take on romance and infidelity, trust and betrayal.

A deadpan narrative, cool and precise, about hesitation and doubt and how to rid your apartment of mice, *Remember How I Told You I Loved You?* is by turns witty, moving, and darkly humorous.

American Spirit: A Novel

Dan Kennedy

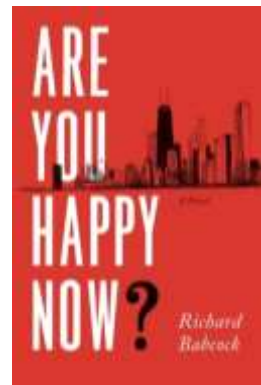

Rights Available: All Languages

Rights Sold: Audio

In this heroic and hilarious debut novel, Dan Kennedy gives us an everyman who takes us to the neon-lit edges of contemporary American life.

When Matthew, a forty-something media executive, finds his job, health, and marriage crumbling, he goes native: Lives in his car. Dips his toe in drug-running. Contemplates song lyrics. Takes a really good pottery class. Before long he’s on a stumbling, agonizingly funny vision quest that takes him from a strip-mall parking lot to Yellowstone National Park to a Bali medical clinic; from an unlikely romance with a Hollywood agent specializing in hot young vampire roles to extreme RVing with a disgraced Wall Street trader.

“Dan Kennedy not only manages to craft bitter, effective comedy out of life’s darker corners—egregious substance abuse, financial collapse, depression and death—but he makes it look easy.”

Are You Happy Now?: A Novel

Richard Babcock

Rights Available: All Languages

Rights Sold: Audio

Reminiscent of Richard Russo’s *Straight Man*, *Are You Happy Now?* is a comic novel about the hard work of understanding what it is you want.

John Lincoln is a book editor miserably ensconced at Pistakee, a dinky Chicago publisher. His overwhelming ambition is to flee the bland, overly polite Midwest and land in New York—where, he imagines, he’ll work with real writers; brandish success at his skeptical, patrician East Coast parents; and experience again the glories of a city where, with “every block, every step,” he will find something interesting and exciting.

What he needs is a hot bestseller, and he finds his vehicle in Amy O’Malley, a recent University of Chicago grad who’s worked on the school’s famous sex survey. With Lincoln’s prodding and guidance, Amy writes a sex-filled novel that draws on her experience. Her book indeed opens doors for Lincoln—but not in the way he imagined. Meanwhile, a professor of happiness studies at a local college blackmails him into publishing his fantastically mundane poetry.

United States of Banana

Giannina Braschi

Rights Available: All Languages

Rights Sold: Audio

Giannina Braschi explores the cultural and political journey of nearly 50 million Hispanic Americans living in the United States in this explosive new work of fiction, her first written originally in English.

United States of Banana takes place at the Statue of Liberty in post-9/11 New York City, where Hamlet, Zarathustra, and Giannina are on a quest to free the Puerto Rican prisoner Segismundo. Segismundo has been imprisoned for more than one hundred years, hidden away by his father, the king of the United States of Banana, for the crime of having been born. But when the king remarries, he frees his son, and for the sake of reconciliation, makes Puerto Rico the fifty-first state and grants American passports to all Latin American citizens. This staggering show of benevolence rocks the global community, causing an unexpected power shift with far-reaching implications.

In a world struggling to realign itself in favor of liberty, *United States of Banana* is a force to be reckoned with in literature, art, and politics.

Yo-Yo Boing!

Giannina Braschi

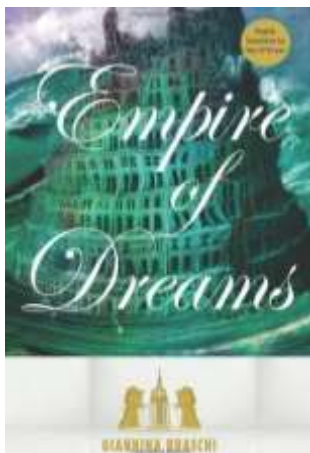

Rights Available: All Languages

Rights Sold: Audio

This groundbreaking novel, set in New York City during the 1990s, is guaranteed to be unlike any literary experience you have ever had.

Acclaimed Puerto Rican author Giannina Braschi has crafted this creative and insightful examination of the Hispanic American experience, taking on the voices of a variety of characters—painters, poets, sculptors, singers, writers, filmmakers, actors, directors, set designers, editors, and philosophers—to draw on their various cultural, economic, and geopolitical backgrounds to engage in lively cultural dialogue. Their topics include love, sex, food, music, books, inspiration, despair, infidelity, jobs, debt, war, and world news. Braschi's discourse winds throughout the city's public, corporate, and domestic settings, offering an inside look at the cultural conflicts that can occur when Anglo Americans and Latin Americans live, work, and play together.

Hailed by *Publishers Weekly* as “a literary liberation,” this energetic and comical novel celebrates the contradiction that makes contemporary American culture so wonderfully diverse. *Yo-Yo Boing!* was first published in Spanglish in 1998 to rave reviews, and has been translated into English by Tess O'Dwyer.

Empire of Dreams

Giannina Braschi

Rights Available: All Languages

Rights Sold: Audio

In the Hispanic American classic *Empire of Dreams*, Giannina Braschi calls for a revolution in poetry—a revolution against the Latin American Boom. *Empire of Dreams* was originally written in Spanish and has been translated into English by Tess O'Dwyer.

New York City becomes the site of liberation for its marginal characters, who seek to experience the center of power, of meaning, of feeling, and of personal identity. Clowns, buffoons, shepherds, magicians, and madmen perform their fantasies in the city streets. In a climatic episode of a pastoral revolution, shepherds take over the top floor of the Empire State Building, where they dance and sing, “Now we do whatever we please! Whatever we please! Whatever we damn well please!”

“Good poets write great poems. Great poets create a new language. Giannina Braschi is a brilliant artist who has invented a syntax that reveals how we think, suffer, and take delight in the twenty-first century. Though the tone can be playful, her work has deep roots in the subversive side of classical literature. The scale is epic.” —D. Nurkse

Darkly funny and uncomfortably realistic, **“Of Equal or Lesser Value” is a story that** spends one intimate and revealing shift with a retail worker like countless others we often encounter and quickly forget.

The entertainment Jeff once enjoyed in his dead-end job has vanished, and happiness now requires too much energy to fake. What he imagined as a two-year stop-loss has ballooned into what it is—his whole life. Even when he sleeps he dreams in the language of the store, the beeps of the register, the whir of its cooling fan, the blank looks of strangers. It's not that the work is hard; it's ridiculously easy, so easy that he has all too much time to think about the inadequacy and disappointment of the work itself.

Jeri Halston should be working on Wall Street, not in a forgotten old bar in Flagstaff. But the brilliant, gorgeous twenty-six-year-old **prefers bartending at Joe's Last Stand Saloon** to climbing the corporate ladder.

When Jeri starts receiving love letters from an anonymous admirer, she's amused by their far-flung postmarks and coy Polaroids that never quite show the writer's face. Their postscripts are even more intriguing: "Don't order dog." Hilarious but harmless, the letters don't raise any red flags to Jeri—until a hypervigilant homeland security agent discovers that the letters are originating from places where the world's top energy researchers keep turning up dead.

As the mailed missives turn from tame to threatening, Jeri realizes that her nameless, faceless pen pal just might have dragged her into an international terrorism plot. And there's no marking "Return to Sender" on this nightmare.

Chasing the Ripper

Patricia Cornwell

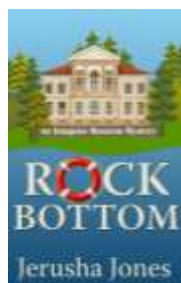

Rights Available: All Languages

In 2001, nationally bestselling crime novelist Patricia Cornwell was pulled into a real-life investigation of her own—the long-unsolved and deeply unsettling “Jack the Ripper” murders that mesmerized London in the late 1800s.

Applying modern science and forensic techniques to a century-old crime, Cornwell's research led to the publication of *Portrait of a Killer*, in which she identified the renowned British painter Walter Sickert as the Ripper. The book became a bestseller but also embroiled Cornwell in controversy as Ripperologists dismissed her claims and her credibility. But for Cornwell, the book was only the beginning.

For more than a decade, Cornwell has devoted countless hours and invested millions in her pursuit of new evidence against Sickert. Now, twelve years later, Cornwell revisits the most notorious unsolved crime in history—determined to solve the mystery once and for all.

Meredith Morehouse, curator of the eclectic Imogene Museum, is suddenly short-staffed. Her favorite (and only) graduate student intern, Greg, is missing—without leaving behind so much as an empty pizza box, to say nothing of a note.

Plus, a prowler has been rearranging the museum's brand new chamber pot exhibit. When Meredith's nighttime vigil to flush out the intruder results in witnessing a murder, she calls in Sheriff Marge Stettler. Soon nearly all the other inhabitants of the small town of Platts Landing, Washington (including hunky tugboat captain Pete Sills), are in on the hunt—for the killers and a body that's drifting down the Columbia River. Is the dead man her intern or somebody else? And if it's somebody else, where on earth is Greg?

Just when her friendship with tugboat captain Pete Sills might be heating up . . . What's a girl to do?

Someone has broken into the Imogene Museum.

Curator Meredith Morehouse finds an empty ornate frame, the still-life painting hurriedly sheared from its moorings, and calls in Sheriff Marge Stettler as she scrambles to identify the burglar. Not because his taste in art is questionable but because the thief's intimate knowledge of the museum and its collections indicates much more is at stake.

Is the thief a friend or stranger? It doesn't help that the population of Platts Landing, Washington, has just blossomed with the influx of Hollywood movie-types roaming the countryside in search of the perfect setting for their next documentary. Nor that Meredith's boyfriend, Pete, has just spotted his ex-girlfriend among the production crew.

Can Meredith protect Sockeye County's iconic cultural institution and her beloved employer, Rupert Hagg, from the thief's sinister intent?

And Meredith's significant other, the rugged Pete Sills, wants another kind of date—a nonnegotiable wedding date.

Can Meredith and Pete and Sheriff Marge Stettler stop the arsonist before their tinder-dry community goes up in flames?

Graham's passionate leadership style has been an inspiration to many, and now, in *Billy Graham: Leading with Love*, it is condensed into five principles.

A life-changing journey of knowing God, through exploration of seven of his most essential attributes.

Many of us have a faulty understanding of who God is. Our misconceptions color every aspect of our lives—how we view ourselves, how we relate to others, and how we perceive the world around us. In this 15,000-word book, Dan Meyer takes us on a journey to discover God. It's a life-changing journey of knowing God as he is revealed to us in the Bible while releasing false ideas and stale understandings of who we think God is.

Meyer explores seven of the most essential attributes of God found throughout the Bible, all the attributes that are embodied in the person of Jesus Christ: his self-sufficiency, goodness, trustworthiness, holiness, self-sacrificial nature, power and presence, and worthiness. When you look at God through these attributes, your relationship with him will deepen, your perspective will be transformed, and your life will change for the better.

During his personal quest for a more profound faith, Pastor Bryan Wilkerson discovered the book of 1 John to be a rich resource for living with depth. This ancient Christian letter revolves around a few essential themes, themes that the apostle John explored from various angles with great focus and intensity.

Mark Buchanan

Nonfiction

Christian Living—Inspirational

Rights Available: All Languages

In *The Four Best Places to Live*, Mark Buchanan evaluates the four best places to live—not according to the United Nations, *Money*, or *Forbes*—but according to God and Scripture.

Of all the places to live on Earth, what are the best? Every year, the United Nations determines which countries answer this question. *Money* magazine asks the same question about cities across the United States. *Forbes* magazine completed a similar assessment on a global scale.

Where do we find the greatest joy, peace, and wisdom? Where can we go to experience the deepest sense of belonging? Is there a place that abounds with adventure where we can also feel safe, refreshed, and joyful? With compelling insight, and in just 12,000 words, Buchanan explores what God has revealed in His Word about where we become most alive, become most fully ourselves, and can dwell most closely with Him.
